

GREEN BONDS AT THE VIENNA & LUXEMBOURG EXCHANGES

Green

LGX - Green
exchange

A PIONEER IN GREEN FINANCE

In 2007, LuxSE listed the first (ever) green bond to enter the market: the European Investment Bank's "Climate Awareness Bond". Since then, our exchange has become the leading venue for this asset class. Today, more than 660 green bonds list on our markets. Issuers range from sovereigns, Public International Bodies, agencies and development banks to financial institutions and corporates.

Vienna ESG Segment

WIENER BÖRSE AG VIENNA STOCK EXCHANGE DELIVERING THE FUTURE SINCE 1771

As the main infrastructure provider in the region, Wiener Börse AG is the gate to global financial markets. It operates the stock exchanges in Vienna and Prague. With state-of-the-art technology and customer-oriented services, the Vienna Stock Exchange, as a private, profit-oriented company, makes a significant contribution to an internationally competitive capital market. Its mission is to achieve greater growth than comparable stock exchanges. Creating trust and transparency has been its fundamental duty since 1771
